

Re: Hemofreeze transfer

May 2018

Dear Hemofreeze customer

Herewith we would like to inform you that our company, Business Creation, has signed a letter of intent with Fresenius-Kabi to take over the complete Hemofreeze product range from Fresenius-Kabi and to continue the production and delivery to customers.

Business Creation and Fresenius-Kabi have realized a specialized MedTechPark in Emmen, The Netherlands (<http://www.medtechparkemmen.com>) on the site that is owned by Fresenius-Kabi and where Hemofreeze has been manufactured for many years.

MedhemScience has been set up to implement the Hemofreeze manufacturing and distribution under ISO 13485 certificate on the site in Emmen.

Key members of **MedHemScience** team for Manufacturing, Quality Assurance and Marketing are, Frits Vogt and Matthias Ras, who have together, with Business Creation, brought the expertise to MedHemScience.

MedHemScience will be the CE mark and expertise holder, responsible for product development, quality assurance and customer relations,

A detailed roadmap for the transfer from the Fresenius-Kabi factory in Eugendorf, Austria, is being implemented to ensure timely start of production and continuity for customers no later than October 2018.

In coordination with Fresenius-Kabi, we are now available to communicate directly with you about our plans, and we would appreciate feedback from you about your Hemofreeze needs in 2018 and beyond.

We look forward to your response.

Kind regards

Hendrik van Gent
Director **MedhemScience** B.V.
